Windows Mobile City University Email Setup

1. Go to Settings and select email + accounts
2. Click on Exchange
3. Enter your City email address and password

Your sign-in information will be saved and may be used to automatically sync docs and information with your company's servers. If you're adding a business Exchange account, your network administrator will be able to remotely delete your content and settings from your phone.

4. Wait until your account has been added

A Tile should be added to your home screen
